BBQ/sausage sizzle running for Sports Day

Thursday- Juniors

Friday – Seniors

BBQ to be cooked early in the morning and the sausages to be kept at temp in the tuckshop oven/warmer

QKR orders opened and stickers go to teachers and place on the chest of students so they can approach tuckshop to gather pre-orders

Sally will order enough sausages to cover Thursday and Friday

The proposal attached in the report was discussed regarding staffing days and time changes with Kim and Sally.

A trial period was discussed to see if this works for us financially

Sue-Ellen to contact our higher powers at Community Solutions to check our requirements in this space

Craig to find examples of employee contracts for Sue-Ellen to peruse and help with drafting new contracts moving forward

Purchase of movable 'gates' to use to help with collection of orders at the tuckshop. The adjustable style

Tuckshop menu to be updated on the website, via Carmel and Fiona, when changes take place, so parents are seeing the correct prices

Price rises due to GST, increased transport levies and wages has caused an inevitable increase to uniform prices

Tuckshop price rises discussed and approved. Notification to be emailed and circulated to parents.

Price rises for both uniforms and tuckshop will take effect from July 1st – start of Term 3

7. Principal's Report

Speaker system installed, 2 speakers around the hall that can now project out onto the oval. Will be amazing for Sports Day

School Photos – took 3 months to arrive? Is this acceptable? No reason was given

Do we go forward with Queensland School Photography again next year? We need to review before next year. Tender between both Queensland School Photography or go back with MSP as we had previously. We would still like to have the 'old school' style group photo combined with the composite style photo
